

Sustainable washroom solutions

The washroom shouldn't be overlooked in helping to achieve sustainability targets for your business.

At Kimberly-Clark Professional, everything we do is connected to our vision to lead the world in essentials for a better life.

- Our UK mill is proud to divert 100% of all manufacturing waste from landfill
- Our entire Toilet Tissue range is FSC® Certified, and our complete Scott® Toilet Tissue range (excluding coreless) is 100% recycled
- All our Hand Towels have FSC® and/or EU Ecolabel Certification
- Our Airflex™ Technology for our Hand Towels uses up to 17% less fibre but still delivers highly absorbent towels = fewer towels & less waste
- Compression technology used in our Hand Towels results in an 18% reduction in storage and transportation
- Our Rolled Hand Towel and Centrefeed Toilet Tissue systems give controlled single sheet dispensing to reduce usage and waste, and our Foam Hand Cleansers reduce waste and result in up to 40% less water usage
- We have joined the WRAP UKs Plastics Pact, demonstrating our commitment to addressing the issue of single-use plastics and working towards a more sustainable future
